Lifestyle Media Room

Explosive yet unimposing. This system blends seamlessly into the carefully considered living space whilst delivering a breath-taking audio visual experience.

Multi-Award winning features:

Titanium orb speakers: Anthony Gallo's flagship A'Diva Ti series, colour matched to suit your decor.
"...they sound as beautiful as they look." GQ Magazine's "Best Stuff of the Year"

THX Ultra 2 certified Onkyo AV receiver capable of 7.1 surround sound processing and 180 Watts / Channel.
"When you see a product with THX branding, you know its performance is up to par with some of the toughest standards in the industry." Electronic House

Reference grade display: A beautifully framed 42" Planar screen displaying Full HD 1080p with Emmy® award winning Faroudja video processing.
"If ever you wanted a screen that can break images down to what almost feels like a molecular level at times, this is it. 9/10" Trusted Reviews

Sound correction: Calibrated Audyssey MultEQ XT guarantees optimum sound from every seating position.
"Greatest Technological Breakthrough Award" - Consumer Electronics Show 07 & CEDIA 06

Upscaling DVD player from Onkyo ensures the best picture is delivered to the high definition display no matter what the disc.
"Excellent quality replays. DPI enhancement really makes a difference." Customer Testimonial

Touchscreen control: The latest Philips Pronto remote programmed specifically for easy command of the entire system.
"a capable home theatre system just wouldn't be complete without an advanced, fully customizable remote like the Pronto" Remote Central

Fully installed from £9,300

007[™] Projection

For those who want the James Bond finish or, minimise disruption to Feng Shui; this home cinema appears and disappears at the touch of a button.

Multi-Award winning features:

Artcoustic speakers: Studio grade speakers that look like framed works of art. Select from a wide range of galleries or supply your own work for print.

"With Artcoustic Speakers I have found my perfect tool. Speakers that tell me the truth of what's recorded...that give me all frequencies clearly and evenly." Chris Minh Doky
Producer / Bass Player

Invisible equipment: Installed within the ceiling, a projector and projector screen motorise down at the touch of a button. Concealing them after use is as equally as effortless.

"The perfect solution for when you want the big screen thrills of a projector but don't want a projector permanently hanging from your ceiling." Armour HE

100" of HD: A 100" Screen Excellence projection screen made from fabric specifically for high-def video. Matched with a Full HD InFocus projector, the result is stellar.

"flawless... genuinely outstanding projector - 5 stars"
What HiFi Sound & Vision

Pedigree sound: Audiophile quality surround sound from heritage British manufacturers NAD.

"...heir to many generations of award winning NAD designs" Ecoustics

Perfect positioning: Positioning the front speakers behind the projector is ideal for the front channels in a surround sound setup. The acoustically transparent fabric of the projector screen ensures no distortion of sound whatsoever.

"no loss of sound quality, it allows... the optimal location for full range audio performance." Draper Inc

Touchscreen control: The latest Philips Pronto remote programmed specifically for easy command of the entire system.

"a capable home theatre system just wouldn't be complete without an advanced, fully customizable remote like the Pronto" Remote Central

Play any disc: NAD universal disc player compatible with: CD, SACD, DVD video and DVD Audio, CD-R, CD-RW, MP3, DivX, WMA.

"clean, energetic quality, with plenty of fine detail... impressive stuff" HiFi Choice Magazine

Sound correction: Calibrated Audyssey MultEQ XT ensures optimum sound from every seating position.

"Greatest Technological Breakthrough Award" - Consumer Electronics Show 07 & CEDIA 06

Fully installed from £17,200

THX Cinema

Comprised of THX certified components, this aficionados system is an open confession to fine living. Intended for a dedicated space, the convergence of the latest technology promises the most distinguished experience.

Multi-Award winning features:

Physically feel the excitement of movies and games with Crowson transducers that "shake" your seating in synchronicity with the action on screen.

"the best transducer we have evaluated or installed to date and we have no problem officially labelling them audiophile." Audioholics "Best Buy Guarantee" Home Cinema Choice

305 cm wide perfectly flat, acoustically transparent, fixed projector screen. ISF & THX certified, Screen Research is the Cannes film festival projector screen of choice.

"Product of the Year" Award Electronic House. "Best of the Best" Award Smarthouse.

Reference grade Vidikron projector for pristine 1920 x 1080 native resolution high definition video. Only one of two projector brands awarded THX certification.

"bringing the ultimate in high definition playback and superwide CinemaScope(tm) viewing to home cinemas of distinction" Hidden Wires

Perfect positioning: Positioning the front speakers behind the projector is ideal for the front channels in a surround sound setup. The acoustically transparent fabric of the projector screen ensures no distortion of sound whatsoever.

"With virtually no loss of sound quality, it allows... the optimal location for full range audio performance." Draper Inc

Architectural & audiophile Sonance speakers set into the walls for sumptuous THX certified surround sound.

"earning THX select certification guarantees that in rooms up to 2,000 cubic feet, Cinema Select speakers will reproduce film soundtracks just as their filmmakers intended them to sound" THX

THX Ultra2 certified Parasound surround sound processor capable of decoding THX Surround EX / Dolby Digital EX, DTS, and Dolby Pro Logic IIx Surround. 7.1 channel analogue inputs with analogue bass management. Easy home automation control through a RS-232 port.

"jaw-dropping performance" Home Theatre HiFi.

Separate amplification by THX Ultra2 certified Parasound amplifier capable of 385 watts per channel.

"[Paired with the Parasound Processor] performance, value, and features is going to be a very difficult combination to beat" Home Theater Mag

Separate room audio correction from Audyssey ensures every seat is the 'sweet spot' by removing any distortion created by room acoustics.

"I can think of no product...that has been the cause of so many moments of sheer amazement... I mean everything is more defined... spacious... dimensional... real. It's simply magic" AV Revolution

Large, super sharp touchscreen control: The flagship Philips Pronto programmed specifically for easy command of the entire system. With macro functionality, trigger a series of actions from a single button press.

"tremendous step forward in terms of functionality and design. It is a really cool product" Home Theater HiFi

Play all discs with Onkyo THX Ultra certified universal disc player. DVD-Audio & Video, DVD-R/RWs, DVD+R/RWs, Super Audio CDs, MP3 CDs, CD-Rs, CD-RWs, Video CDs, Audio CDs, JPEG encoded picture CDs.

"5 Stars" What HiFi Sound and Vision

Fully installed from £35,250
